

Site operations

The demolition phase is now complete; however, the main operating hours on site will remain the same. There will be a security presence at all times and any activities outside of the main operating hours will be restricted with a view to keeping disturbance to a minimum.

Main operating hours

Monday - Friday: 8.00am - 5.30pm
Saturday: 8.00am - 1.00pm

Keep up to date

Our next newsletter will be issued in Spring 2018.

In the meantime, please check out our website and Twitter page to find out more information about the construction of Westferry Printworks.

WESTFERRY PRINTWORKS

Welcome to the fourth edition of the Westferry Printworks newsletter.

Our newsletter aims to keep you up to date with the redevelopment of the Westferry Printworks.

Headlines in brief:

- On-site update
- Festive fun at the Strafford Street Friendship Club
- Health and safety with Ivor Goodsite
- Site operations
- Keep up to date

On-site update

The demolition contractor has now completely demobilised from the site.

Covers have been applied to the stockpiles to mitigate any further spread of dust.

You may have noticed that further site investigations have recently been undertaken during December.

Prior to the start of the next stage of development on site in March 2018, there will be little evidence of any activity on site.

The Westferry Printworks Consultation Office is open Monday – Friday (excluding Bank Holidays) 9:00am to 5:30pm.

Site address: Westferry Printworks, Westferry Road, Isle of Dogs, London E14 8NX

Festive Fun at the Strafford Street Friendship Club

Fun at the Strafford Street Friendship Club

Christmas came early in December for the local residents who attend the Luncheon Club at the Strafford Street Friendship Club every Monday. The Westferry Printworks Development team make use of the club hall for their residents' meetings and wanted to show their appreciation so joined them for the afternoon to celebrate the festive season.

The Club, led by Chairperson Rita Bensley, generously laid on a feast of pie and mash for lunch (with the obligatory liquor) and everyone tucked in. It was delicious! Terry the magician supplied

plenty of entertainment for all the diners, with magic tricks using numerous packs of cards from deep in his pockets, and magically produced scarves and ribbons from up his sleeve and even behind peoples' ears. After lunch, everyone shared lots of Christmas goodies in celebration of the festivities and finished up the afternoon in true East End style, with a full house of bingo, called by Terry, and tea and cakes to complete the day.

Our thanks go to the Luncheon Club for the use of the hall and we hope they enjoyed the celebrations.

Health and Safety with Ivor Goodsite

On a chilly Tuesday morning in late November, one hundred and eighty pupils from years 3 & 4 at Arnhem Wharf Primary School filed into assembly and were greeted by a couple of members of the Westferry Printworks team for a talk on health and safety on, and surrounding, a construction site.

The children were introduced to Ivor and Honor Goodsite, two fictional characters invented by the Considerate Constructors Scheme and which Westferry Printworks development is a member. The presentation introduced the children to machinery used on site including diggers, cranes and bulldozers and what to look out for to make sure they stay safe when near a construction site. Road safety was covered during the assembly, and the safest ways to cross a road near the site, which is opposite the school building. They guessed what equipment should be worn on site by everyone, including Personal Protective Equipment (PPE) such as hard hats, goggles, gloves, high viz jackets and boots and the importance of wearing it.

As a gentle reminder, the children were presented with Ivor Goodsite health and safety packs so they would remember what they had learned during the talk. With the assembly over, the children were invited to design a poster over the Christmas holidays to advertise the dangers on a construction

site. The winning posters will be selected in January for exhibition on hoardings which surround the site opposite the school and they will be available to see in February 2018.

Our thanks go to Zoe and Sara at the school for their help in arranging the assembly and we look forward to selecting the winning posters in January.
