

Site operations

Henry Construction, the principal contractor for Package 2, are making good progress on site; however the main operating hours remain unchanged with the continued absence of weekend working during this phase of construction.

There is a security presence on site at all times and any activities outside of the main operating hours will be restricted with a view to keeping any disturbance to a minimum.

Main operating hours

Monday – Friday: 8:00am – 5:00pm

Keep up to date

Our newsletter is now issued as an online version which can be found at www.westferryprintworks.co.uk/news.

If you wish to receive a paper version or an email version, please contact Vern or Janine at westferrye14@themorrisconsultancy.co.uk and include your return address for receipt of future newsletters.

WESTFERRY PRINTWORKS

Welcome to the autumn edition of the Westferry Printworks newsletter.

Our newsletter aims to keep you up to date with the redevelopment of the former Westferry Printworks.

Headlines in brief:

- **On-site update**
- **FORS training session for cyclists and the local neighbourhood on 21st November**
- **Site operations**
- **Keep up to date**

On-site update

The sheet piling works are drawing to a close and having reduced the rigging machines by one, we have also reduced the starting time of the piling until 9am from Monday to Friday. Backdriving works will shortly commence and the programme is anticipated to last 5 weeks. The basement excavation is underway and so far we have removed almost 3000 lorry loads. We have implemented a wheel washing system on site for all lorries leaving site, to lessen any debris from the vehicles being left on Westferry Road. Dust, noise and vibration levels are monitored on site and we continue to work closely with LBTH to mitigate any negative impacts

Open invitation to FORS event on 21st November

FORs (Fleet Operation Recognition Scheme) is an industry recommended scheme whereby heavy transportation vehicles (HGVs and extra long vehicles) are fitted with additional viewing equipment which enables their drivers to have a greater awareness of other traffic on the roads, in particular cyclists and pedestrians.

The Metropolitan Police have an Exchanging Places scheme where cyclists and pedestrians are invited to sit in an HGV fitted with the FORs equipment to see for themselves how difficult it can be, to see a cyclist or pedestrian whilst in the lorry. The scheme focuses on road safety and provides those involved with a view from the driver's perspective. This can help people gain a better appreciation of the issues surrounding road safety.

The Westferry Printworks' team have organised an event on 21st of November between 4pm and 7pm where local neighbours, their children and cyclists are invited to come along to the Westferry site to sit inside a lorry and observe road safety from a lorry driver's perspective. The haulage company providing the lorry and drivers on the day will be Green Build Environmental who also provide us with the lorries on site. All of Green Build Environmental's drivers are FORs registered and will be on hand to answer any questions that local neighbours and cyclists may want to ask.

Local cyclist groups have been invited to attend and we will advertise the event on the Canary Wharf Facebook Page and our website in advance of the event. All you have to do if you want to attend is turn up on the day between 4pm and 7pm and you will have the opportunity to sit in the lorry cab with one of our drivers and ask them lots of questions concerning how the equipment works.

If you have any questions, please do not hesitate to contact us at westferrye14@themorrisconsultancy.co.uk.

We look forward to seeing you on site on 21st November.

Consultation Surgeries

We have set up Consultation Surgeries on site at the Westferry Printworks development to give residents the opportunity to come and discuss the site activities at the development with us and these will commence in November. The meetings are designed to give you the chance to learn more about the development and also to discuss concerns that you may have in a more focused setting. The meetings must be booked in advance, and the appointment dates are as follows, with contact details below:

November Dates

- Monday 5th

Appointments between 14:00 - 18:00
(last appointment at 17:00)

- Thursday 22nd

Appointments between 08:30 - 12:30
(last appointment at 11:30)

December Dates

- Monday 3rd

Appointments between 14:00 - 18:00

- Thursday 20th

Appointments between 08:30 - 12:30

January Dates

- Monday 7th

Appointments between 14:00 - 18:00

- Thursday 24th

Appointments between 08:30 - 12:30

February Dates

- Monday 4th

Appointments between 14:00 - 18:00

- Thursday 21st

Appointments between 08:30 - 12:30

Please contact The Morris Consultancy at westferrye14@themorrisconsultancy.co.uk to arrange an appointment; alternatively please phone to book on 07487 804994. Please note we can only accommodate a maximum of two people per session.
